

# FIRE FLASH® GAMMA 2.0

Art. No. 503008

**CE 0193 EN 15090:2012 HI3 CI CR SRC - type F2A**

**CE EN ISO 17249:2013 AC:2014 - LEVEL 2**

Leather thickness 2,5 – 2,7 mm, Chainsaw protection Class 2, waterproof and breathable with GORE-TEX Performance, leg height 28 cm, antistatic, sole 011

**Available sizes EU 36 – 47, Extra large sizes EU 48 – 50**

503008

HAIX® MSL System

Heel bend

Cut Protection Class 2

## Upper Material

Waterproof leather, hydrophobic, breathable (5,0 mg/cm<sup>2</sup>/h), 2,5 – 2,7 mm thick.

## Cut Protection

Protection against cuts certified with cut category 2 (24 m/sec., chainsaw speed).

## Inner Lining

GORE-TEX Performance; waterproof and breathable. Highly abrasion-resistant lining with fleece midlayer. Optimized climate comfort for all year seasons and excessive use. Increased chemical protection.

## Non-woven insole

Non-woven insole absorbs moisture.

## Foot bed

Anatomically formed, exchangeable, washable, very good moisture absorption, dries quickly.

## HAIX® Protective steel toe cap

Anatomically formed and well-padded metal protective toe cap.

## HAIX® Protective sole

Flexible protective throughsole.

## Sole

Foam/rubber, highly wear-resistant shell sole with a street/terrain tread, high temperature strength and good bending comfort. Ladder rung tread with pronounced heel front. Fuel-oil resistance and non-marking characteristics. Compliant with EN ISO 20345:2011/EN 15090:2012

## HAIX® Climate System

The HAIX Climate system uses the pumping movement, which permits air circulation with every step – warm air is released and fresh air comes in through the vent holes at the top of the boot.

## HAIX® Lacing System

The patented, externally positioned shoe band with inner-lying crossovers reduces danger of hooking.

## HAIX® MSL System

MicroSoftLight: Improved damping, extremely low weight due to the PU foam across the entire sole area, good cold/heat insulation.

## Sun Reflect

Reduces the heating effect of the upper leather by direct sunlight. Sunlight is reflected by the leather, keeping the leather and the feet cooler.

## Others

Leather loop at the zipper, zipper reinforcement, zipper cover, zipper fixing: HAIX® EasyZip (replaceable), pull-on loop at the back, laces and all stitching made of NOMEX®, lace fixing and pull-on loops, reflective strips, rubber toe cap, heel inlay and inlay construction around tongue.
